

QUINTET CLUB WITH POLO MEN

A scheme is afoot whereby the advent of the Hawaiian polo team into the California fields can be utilized to advertise the islands. The appearance of a crack polo organization from sequestered islands in the mid-Pacific would, in itself, attract attention in the realm of sport all over the country, and in connection with the publicity given Hawaii through the efforts of the Promotion Committee, supply advertising which would bring in tourists.

The plan is to have a Hawaiian quintette club accompany the polo players. The proposition was made yesterday to Messrs. Damon and Shingle, and the matter will be brought up at the next meeting of the club and given thorough consideration. Through the courtesy of Mr. W. G. Irwin, the polo players are to be furnished transportation gratis to and from the coast, and the hope is expressed that this generous offer may even be extended to take in the five singers.

The appearance in California of the singers with the polo men would help things out socially. Polo playing is generally alternated with a series of hops and balls, and the Californians could be treated to the novelty of tripping the light fantastic toe to the ear-haunting melodies of Hawaii. As the polo players will be entertained at many of the most popular resorts the traveling public would share with them in the delightful native music. It is urged that the net result of such an enterprise would give wide-spread publicity to the islands.

This is the argument put forth in behalf of the proposition and many of the polo men are said to favor it. The plan includes also the enlisting of the backing of the Hawaii Promotion Committee.
